THE APPLICATION
IS GRANTED. THE DEFENDANT
SHALL PRESENT HIS LAPTOP TO
PRETRIAL SERVICES SO THEY CAN
INSTALL THE PROPER SOFTWARE.

Re: United States v. Lawrence Gordon
05 Cr. 199 (FB)

SO ORDERED

Dear Judge Block:

This firm represents defendant Lawrence Gordon in this case.

This letter is respectfully submitted on behalf of Mr. Gordon to request a modification of his bail conditions. Specifically, it is respectfully requested that Mr. Gordon's bail conditions be modified to allow him to take his laptop computer with him when traveling for business and to allow him to use that computer for his employment, provided that Pretrial Services first installs the appropriate monitoring software on the computer.

We have communicated with AUSA Sean Casey and he has advised us that the Government has no objection to this request. We have also communicated with Pretrial Services Officer Roman, who has also informed us that Pretrial Services has no objection to this request.

If the Court is willing to modify the bail conditions as outlined above, please return an endorsed copy of this letter to me via facsimile as soon as possible so that the necessary arrangements may be made to install the monitoring software.

Respectfully submitted,

Avraham C. Moskowitz
